**Canine Assistants**

Canine Assistants is dedicated to the education of service dogs and the people they assist, so that they may enhance and improve the lives of one another. We use the Bond-Based Approach to create trusting relationships between people and animals.

Our clients include those with mobility difficulties and those who have medical concerns such as epilepsy, diabetes and cancer. Our service dogs also work in hospitals and other care facilities and in schools and other educational institutions.

We do not charge for our services, but rather rely on the generosity of those who understand that aiding the well being of one benefits us all.

Canine Assistants is hosting *Every Dog's A Hero, an Evening to benefit Canine Assistants* at The Hotel At Avalon on Saturday, November 9, 2019.

The evening will include incredible stories of Hero Dogs, dinner, open bar, silent auction and entertainment.

On top of celebrating Canine Assistants and raising funds to support current and future service dog recipients, we will also be honoring other pet dogs in the community who have proven to be a Hero for their person.

We are excited for the *Every Dog's A Hero* event and we hope you will join us for a magical evening!
